## New Marske Primary App

We are delighted to announce that an app has been released which will provide parents with up to date information about what is happening within school. The app, which is available for Apple and Android devices, will provide access to newsletters, the calendar and school news. It will also allow notifications to be sent to the app. To get the app go to the Apple or Android store and search New Marske Primary School. If you would like to receive notifications from school, allow push notifications to be sent to your device. After downloading the app, go to settings and notification groups and select the year group you wish to receive push notifications from. If you have any comments about how we can improve the app, please let us know.

## Parental Survey

Yesterday, you should have received the governors' parents survey. The survey is an excellent way to find out the views of parents with the overall aim of improving the education provision for pupils at school. After last year's survey, improvements were made to homework across school and the school website. Please can you find 5 minutes to complete the survey as your comments will help to improve school further. If you put your name on the survey, you will be entered into a free draw to win a set of cinema tickets.
