

A Great Start to the Year

Welcome back to a new school year and thank you for ensuring that your children have returned to school so well prepared. It has been wonderful to see the enthusiasm and excitement across the school as pupils settle into their new classes. From smart new uniforms and shoes to freshly stocked pencil cases, there is always a special buzz at the start of September.

The year has begun positively, with all classes making an excellent start. Thanks to the transition activities that took place at the end of the summer term, pupils are already familiar with their classrooms, teachers and daily routines. This has helped everyone settle quickly and confidently into the new academic year and understand the high expectations we have for all members of our school community.

Here's to a wonderful year ahead.

Please can you make sure that your details are up to date on Arbor. This includes phone numbers and addresses. Arbor is our management information system in school and provides all of the information needed to communicate effectively with parents.

In a new requirement for schools, anyone who does have parental responsibility for a pupil needs to have an address recorded on our system. School will be contacting parents over the next week to ensure these details are recorded.

Key Dates for this year

Please find attached the list of important dates for the year. The document contains information about parents evening, term dates, discos and other events that you might need to be aware of. As with any school, some events can change at short notice and we will ensure that we will do our best to inform you in good time if anything changes.

School Website

Over the summer we have updated a number of policies reflecting new guidance on issues such as mobile phones and allergies that all schools need to enforce. To check these policies as well as having the opportunity to look at the school calendar, please go onto the school website. Policies are contained within the 'key information' section of the website.

Saltburn, Marske, and New Marske Produce Show

We are really excited to be hosting the Saltburn and Marske Produce Show at school on **13th September**. This is a fantastic opportunity to engage with our local community and showcase New Marske as the heart of this important annual event.

Pupils who have been growing sunflowers over the summer are invited to either bring their sunflowers in next week or bring them to the show on the 13th of September.

The show will be open to pupils from 12:30pm.
